

We opened Santo Remedio to share with Londoners how incredibly varied and exciting the flavours of Mexico can be.

The food that we grew up eating at home, in markets, taquerias and at celebrations. Food so unique and with such amazing depth of flavour that it has been declared an Intangible Cultural Heritage of Humanity by UNESCO.

Santo Remedio is a popular Mexican expression meaning Holy Remedy. We chose this name because food is so central to our culture, that it is considered a remedy and comfort in almost any situation.

We source speciality ingredients from Mexico, we use traditional cooking techniques and serve our dishes alongside a selection of Tequila and Mezcal cocktails, Mexican beers and wines.

Our restaurant is designed and decorated with artwork and décor by Mexican artisans and craftspeople that we have chosen on our travels to Mexico.

We are delighted to welcome you to our restaurant to share with you a true Mexican experience.

Mezcal is a spirit made from the hearts of the agave plant. Mezcal can be made from up to 28 different types of agave (tequila can only be made from blue agave). In Mezcal production, the agave hearts are roasted in underground pits with wood and rocks, which is how mezcal gets it's characteristic smokiness
